

## **Public Training Programmes**

For the past 17 years, Advanced Organisation has been running a 10 day intensive programme for “*Managing Change in Turbulent Times*”. Over 400 senior managers have attended this programme.

Recent Participant Testimonials from *Managing Change in Turbulent Times*:

*‘It is one of the better programmes around of its type and it is shaped to an Irish context.’*

*‘Excellent programme – well worth it in terms of cost, time, effort, etc. Takes the mystery out of Strategy and Change Management. Very relevant for anyone in management’*

*‘Excellent course – highly relevant. Exactly the type of course I wanted. Lots of material for use later on and very practical tools.’*

*‘The tools are superb and the vast array of reading material is well chosen. I remember doing a change course in Henley for 2 days which I thought was a dreadful waste of time. I can say, hand on heart, I have not suffered the same experience here!’*

*‘5 stars’ in terms of content, delivery, preparation, speakers – but I also felt special in terms of my ‘custom’ – I’ve never experienced this before. I have experienced deep learning and tactics that I didn’t have and that have affected my world view.’*
